WHERE DO YOU START?

Blackinton® offers the largest, most versatile American-made metal Commendation Bar assortment in the industry. Our durable enamel Commendation Bars are easy to customize. The bars come in a variety of sizes, in the rich standard enamel color(s) of your choice. Our revolutionary Commendation Bar slide holders keep bars aligned and neat - commanding your attention!

Best of all at \$23.90/bar you can reward excellence!

Pricing effective through 9/30/26

5 SIMPLE STEPS

1

Determine what commendations to give out

If you are uncertain, consider one of **Blackinton's stock programs** designed to help departments jump start a program. The programs are based on a culmination of our most popular commendation bars. The bars come in our most popular size (1 3/8" x 3/8") in a slide bar holder, in gold or silver finish (Gol-Tone or Rhodium). The "in-stock" Commendation Bars only come in the color enamel shown. In-stock bars ship within 5 days of order receipt at Blackinton.

2

Find a Commendation Bar(s) that meets your needs

If you know what commendations you would like to give out visit our website, www.blackinton.com, and view the **100's of available enamel bars** we offer. Go to products, on the menu, and view our Commendation Bars... or search for a bar by key word; i.e., life saving and see what we have to offer. Remember, all of our bars can take the standard enamel color of your choice. For your convenience, our standard enamel colors and finishes are shown on our website's product pages.

3

Consider bars that work with our CAB slide holders

Our most popular size bars (1 3/8" x 3/8" or 1 3/8" x 5/16") can be purchased in a Commendation Award Bar (CAB) slide holder. Why is this important? Our CAB slide holders have revolutionized the way Commendation Bars are displayed on uniforms. **No more crooked, misaligned Commendation Bars with multiple clutch back attachments.** Holders make organizing and displaying Commendation Bars easy. The holders can hold one, two or three bars OR we can combine them to hold up to 15 bars.

Only 2 clutch backs (2 holes), yet it holds 3 bars!

Still haven't found what you are looking for? We have two "Custom" Commendation Bar options.

4

Engraved Commendation Bars

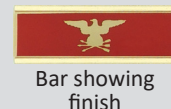

Engraved bars offer customization without the expense of a die! Bars can be enameled in any standard color, and engraved with the text of your choice and/or one of our many standard images! There are no minimum quantities and no die charges! There is a small engraving fee per bar, see dealer for details. **New feature:** The engraved area can either show the bar finish or one standard enamel color, at no additional cost aside from the typical engraving fee per bar! If we don't have the image you want we will create it for a one-time service fee of \$49.00.

5

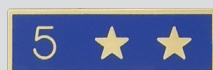

Custom die struck Commendation Bars

If you need a large quantity of bars of the same design, or plan to place multiple orders, we suggest you consider a custom die struck bar, because it is the more economical approach.

The sky is the limit with our custom die struck Commendation Bars. Our artists will work with you during the design phase free of charge. Die costs for Commendation Bars vary, but are approximately \$175.
